

Michael Brandman Associates (MBA) Reprographics Center provides fully digital superior quality products. Our team can reproduce documents ranging in size from multi-volume Environmental Impact Reports, General Plans and Specific Plans to marketing materials and color presentations. Whether you require large quantities or small, our services are highly competitive with retail copy centers.

Our Reprographics Center includes specialty equipment: high volume digital copier/printer and high volume network scanner to:

- Scan to PDF (black and white or color)
- Archive Digitally
- Burn to CD

As experts in preparing these documents ourselves, MBA understands the unique components of environmental documents as well as general business documents. We can print any document black and white or color, and provide special handling services such as collating, preparing, inserting tabs and dividers.

People do business with people. By providing personal service, we set ourselves apart from our competition. We are committed to providing excellent service to you and your business. You can reach us by using the contact information on the back panel of this brochure.
